FY10 Americas Legacy Promotion Frequently Asked Questions for Customers

1. What is the Autodesk Legacy Program?

The Autodesk Legacy Program is an ongoing offer providing customers who own valid licenses of select retired Autodesk software the opportunity to purchase discounted, new licenses of current Autodesk products.

2. What is the FY10 Americas Legacy Promotion offer?

The FY10 Americas Legacy Promotion is an offer providing customers in the United States, Canada and Latin America with retired version AutoCAD R14 through 2006-based licenses, the opportunity to purchase new licenses of current Autodesk products at a discount.

Promo Dates	Product Discount
June 1 st - July 17 th , 2009	40% off SRP with subscription
June 1 st - July 17 th , 2009	20% off SRP without subscription

3. Who is eligible to participate in the FY10 Americas Legacy Promotion?

U.S., Canadian, and Latin American commercial customers who own a valid license of select, retired Autodesk software that was not upgraded before their respective, publicly announced retirement dates are eligible for this promotion. Government customers in the United States and Canada may also participate in the FY10 Americas Legacy Promotion. However, education customers are not eligible for this promotion. Please note that effective March 25, 2008 the Autodesk Legacy Program is no longer available to education customers.

4. Are AutoCAD LT® customers able to participate in the FY10 Americas Legacy Promotion?

Customers owning AutoCAD LT licenses cannot participate in this offer.

5. Which Autodesk products are eligible for the FY10 Americas Legacy Promotion?

Valid licenses based on version AutoCAD R14 through 2006 licenses of the products listed below are eligible for this offer. Products not included in the list below are still eligible for the standard Autodesk Legacy Program, i.e. 30% off SRP with the purchase of subscription. 6. Am I eligible to “upgrade” my retired software?

Legacy licenses are not upgrades or crossgrades from retired products, but are discounted new licenses. Upgrades or crossgrades from retired products are not available for purchase from Autodesk after the retirement of that product.

As with upgrades and crossgrades, Legacy Program and Promotion transactions require a valid serial number from the retired product for each new license purchased.

7. Are both network and standalone deployment available for Legacy purchases?

Yes, if you require a network deployment for the new licenses, then the network license, rather than the standalone license, should be purchased, irrespective of whether the retired product was a network or standalone license. Legacy customers are not grandfathered into the deployment of their retired product.

8. Is an Autodesk Subscription purchase a requirement of the FY10 Americas Legacy Promotion?

No, Autodesk Subscription is not required on all Legacy purchases under the FY10 Legacy Promotion. Autodesk Subscription is required to receive the 40% discount off SRP. Customers who own eligible products listed in question 5 may choose to purchase licenses without subscription at a 20% off SRP discount. Subscription holders receive benefits including incremental product enhancements, personalized web support and self-paced training options with one annual fee.

9. Are there any other requirements to participate in the FY10 Americas Legacy Promotion?

No, other than providing a valid serial number for the qualifying products in an amount equivalent to the number of new discounted licenses a customer wants to purchase under this program, there are no additional requirements.

10. How can I get more information on the Autodesk Legacy Program or the FY10 Americas Legacy Promotion?

An Autodesk Authorized Reseller will be able to assist you with any additional information you may need on the Autodesk Legacy Program or the FY10 Americas Legacy Promotion.
