

Autodesk® Subscription

Increase your Autodesk product value with multi year Subscription

Applied Technology Group, Inc. in partnership with Autodesk is offering extended Autodesk Subscription contract terms up to three years. By participating in a multi year renewal, you will lock in your renewal rate for the full term of the contract and receive a discount off of the purchase price.

Product Example

1 Year term

Revit Architecture Suite

\$ 725.00 each x 5 seats = \$ 3,625.00 x 3 years = \$ 10,875.00

3 Year term

Revit Architecture Suite

\$ 652.50 each x 5 seats = \$ 3,262.50 x 3 years = \$ 9,787.50

Savings = \$ 1,087.50

* Multi year renewals also protect you from Subscription price increases for the term of the contract!

Autodesk Subscription is a smart investment

- The most effective way to keep your software up to date.
- Makes software costs predictable.
- Always have the latest release of Autodesk software.
- Receive technical support from Applied Technology Group or web support from Autodesk.
- Web based training with the Autodesk e-Learning center.
- Access to the Autodesk technical knowledge base.
- Flexible License terms allows you to use previous versions of your software as well as home use options.
- Autodesk Subscription center access giving you a customized portal to view and manage your software assets, user management, support cases, and access e-learning modules.
- Simplified license management tools to view product coverage and renewal reports.
- Exclusive community access to technical experts and developers.
